

FEDERAL FINANCIAL LEADERS PROGRAM

PREPARING FINANCIAL MANAGEMENT PROFESSIONALS TO LEAD

The Partnership for Public Service's Federal Financial Leaders Program strengthens the leadership, management and business skills of federal financial management professionals. Through a combination of innovative coursework, peer collaboration, best practice benchmarking and facilitated dialogue with industry leaders, participants will learn how to use political savvy, communication and strategic risk-taking to lead successful financial operations. Each session will provide participants with practical tools and guidance to incorporate lessons learned into their day-to-day work.

Graduates will leave the program better equipped to drive individual and agency performance after having developed an enterprise-wide view of financial management and the leadership skills to bring the best out of people.

Participants in the Financial Leaders Program will:

- Develop skills needed to excel in the federal financial management profession
- Engage with subject-matter experts from the public, private and nonprofit sectors
- Participate in interagency team action learning projects to reinforce lessons learned
