

PUBLIC SERVICE RECOGNITION WEEK

MAY 3-9, 2020

This Public Service Recognition Week 2020, we celebrate the civil servants who dedicate themselves to making a difference for our nation and the world. These government employees tackle the nation's challenges on our behalf, often behind the scenes, in federal, state, local or tribal government.

They are engineers and foreign policy experts, teachers and scientists, firefighters and researchers. They work in hospitals, in laboratories, at airports and harbors, and in field offices around the country. They are our friends, our neighbors and our family members.

Let's keep them top of mind this week of May 3-9, recognizing that government employees are committed to making life better for all of us. Join us in thanking these public servants who work to keep us safe, care for our veterans, find cures for disease, and so much more.

We are grateful for their service.
